Lack of coordination or paralysis	6	
Nasal discharge	4	
Diarrhea	4	
Ruffled feathers	4	
Lack of energy & appetite	3	
Decreased egg production	3	
Soft-shell or misshapen eggs	3	
Totals		

Add scores. If total is 10 or greater:

- 1. Get flock owner's name, address, phone number, and email address.
- 2. Advise owner.

-Urge biosecurity

-Inform owner that GA Dept. Agriculture or USDA representative may be in touch to get samples from birds.

3. Submit information to Georgia Poultry Lab Network Avian Influenza Hotline.

-(770) 766-6850 -aihotline@gapoultrylab.org

If total is less than 10, problem could be due to another disease or management issue. -Contact UGA Poultry Science Extension (706-542-1325) or refer client to the Georgia Poultry Lab Network (770-766-6810).
