<p align="center">IMPORTANT! Definition of Private Applicator</p> <p align="center">"Private applicator" means any individual who purchases, uses, or supervises the use of any pesticide classified as restricted use for purposes of producing any agricultural or forestry commodity on property owned or rented by him or his employer or, if applied without compensation other than the trading of personal services between producers of agricultural and forestry commodities, on the property of another person.</p>	

Please notify us if you have previously submitted an affidavit and one acceptable document for any other license or GATE card issued by the Georgia Department of Agriculture. This will allow us to search our databases and upload the required documentation for your new license and enable a better customer service experience. For assistance, call the Customer Service Center at 855-4-AG-LICENSE (855-424-5423).

In order to obtain a private pesticide applicator's license in Georgia, you must be engaged in the production of an agricultural or forestry commodity. If you obtain this license, you must keep records of restricted use pesticide applications, and are therefore subject to inspections by the Georgia Department of Agriculture and the United States Department of Agriculture. Pesticide labels and all pertinent laws, rules, and regulations must be followed – the misuse of a pesticide in Georgia may result in penalties of \$1000.00 per violation.

Will you use this license while engaged in the production of an agricultural commodity? Yes No

I certify that the above information is true and correct _____
