CHILD CARE DEDUCTION FOR SUMMER 4-H CAMP FEES

Each year we receive numerous calls from counties asking for the University of Georgia’s EIN in order for individuals wishing to deduct the cost of camp as a child and dependent care expense. The following information is available at www.irs.gov

Search for publication 503 and on page 7 you will find the following the information concerning the cost of sending a child to camp.

“The cost of sending your child to an overnight camp is not considered a work related expense. The cost of sending your child to a day camp may be a work related expense, even if the camp specializes in a particular activity, such as computers or soccer.” This wording does not support families or individuals deducting the cost of camp as childcare.
