Junior Master Gardener is About

Adventure! JMG is an exciting program where you will explore insects, flowers, fruits, wildlife, vegetables, soil composting and water.

Insects

Think about the different insects you see outside. Are they all the same? You will learn ways of identifying insects and how to make an insect collection. You will also learn the difference between beneficial and harmful insects.

Wildlife

Take a walk on the wild side. Learn about common wildlife you may see in your backyard and identify them by their tracks. Learn ways to encourage wildlife into your backyard.

Gardening

Did you know plants are classified based on the leaf veins? We will explore different types of trees, ornamental plants, fruits, herbs, and vegetables in our education garden and on nature walks around our office.

FUN Activities

You will craft projects using imagination and scientific fact and have a great time learning about nature.

You Should Know:

- This day camp is from 9am-4:30pm, June 10th-14th.
- Drop off and pick up will be at the Fayette County Extension Office.
- Please bring a sack lunch each day.
- All camp programs will be held at the Extension office or nearby wildlife areas.
- We will be outside often, please plan accordingly.
- Please bring a reusable water bottle.
- We will have a fun healthy snack each day.
