WEEKLY MARKET INSTRUCTIONS

Before entering Market Curbside Pick-Up

Please complete the following steps each week before entering the vehicle line for the market session. If possible, please complete this step before 12:00 noon the day before you plan to attend the market.

1. Login to your Food eTalk account.
2. In the top right hand corner, click on the “My Courses” tab. This should provide you with a menu of available online modules to view.
3. Complete the weekly online video lesson. Make sure that you complete the appropriate online module for each week.
4. Each module will end with a brief survey. Please share your thoughts.
5. When you have completed a module, the module box should be shaded gray and a check mark will appear next to the title of the module.
6. If you complete all 10 Food eTalk modules, you will receive a completion certificate.

WEEKLY MARKET INSTRUCTIONS

Curbside Market Pick-Up

Please remain in your car at all times during market pick-up. If you need assistance at any time, please roll down your driver side window and raise your hand. **If multiple people in the car are participating in the market curbside pick-up, each individual will follow the steps below.** Please follow the direction of market assistants when entering and proceeding through the curbside pick-up process. **Please note, mobile market produce bags will be available first come, first serve to the first 100 individuals who have completed the online module requirements.**

1. Enter the market pick-up line. You will be greeted by a market assistant who will check you in for pick-up. If you completed the appropriate weekly module prior to 12pm the day before the market, your name should be included on the pick-up list. If your name is not on the list, you will be asked to login to your Food eTalk dashboard to show that you have completed the weekly online module. If you haven't completed the appropriate module, you will be asked to complete it on your mobile device in your car before proceeding through the pick-up line. If you cannot complete the module on a mobile device, a market assistant will help you.
2. Once your name and module completion have been verified, you will be provided a market number for pick-up. Please place the market number on your car dashboard.
3. Proceed to the line to the curbside pick-up stop. Do not get out of your car. A market assistant will ask you to pop your trunk and/or unlock your car so that your bag of produce may be placed either in the trunk (preferred) or backseat of your vehicle. Return your market number to the market assistant.
4. Follow the directions of market assistants to exit the market location.
