Georgia Master Gardener Extension Volunteer Program Application

The Master Gardener Extension Volunteer (MGEV) program in Georgia is a volunteer program designed to help University of Georgia Cooperative Extension staff transfer research-based information about gardening and related subjects to the public by training home gardeners to be volunteer educators. Master Gardener Extension Volunteers are active in many Georgia counties. Through this program, Extension is able to reach out and serve more citizens with educational programming and demonstrations.

Dear Master Gardener Program Applicant:

Thank you for your interest in the Georgia Master Gardener Extension Volunteer program! Its purpose is to assist UGA Extension by training volunteer educators to provide current horticultural information through community service and educational gardening projects using applied research and the resources of the University of Georgia.

MGEV programs are coordinated at the county level by the local Extension office. Each local program has multiple projects that reach out to the local communities, teaching about horticulture and gardening, answering garden-related questions and so forth. Volunteers for these projects do participate in at least 50 hours of training and are asked to volunteer 50 hours of service in the first year. *(After your first year, you are required to volunteer 25 hours per year to remain an active, certified Georgia Master Gardener Extension Volunteer.)*

Extension offices plan and carry out MGEV training classes in the spring and/or fall, on an annual or biannual basis. Training and schedule format are determined by the agent/coordinator and the local office. Classes typically meet once or twice weekly. Attending training classes is extremely important, and absenteeism cannot exceed 20 percent of classes. Trainees are responsible for all material on the exams and are required to pass a midterm and final exam with a score of 70 percent or better on each.

By completing the 2023 Master Gardener Volunteer Program Application and Reference Forms (below), you are indicating your interest in the Georgia MGEV Program. You will receive follow-up communication from the Greene County Extension office.

As enrollment in the Master Gardener program is limited, you are encouraged to fill out the application as thoroughly as possible. The selection committee, comprised of an Extension staff member and a group of veteran Master Gardener Extension Volunteers, reads all applications. Selections will be based on your interest in being an

Extension volunteer, your interest in community service, as well as your knowledge, expertise and experience in related areas. Applicants will be called for an interview by November 15, 2023.

If selected for participation in the MGEV program, you will be notified by the local Extension office. At that time, you will be asked to submit any program fees by the specified deadline. If payment is not received by the deadline, and no arrangements have been made, your name will be removed from the class acceptance list and an alternate selected.

The Georgia Master Gardener Program offers many opportunities to make new friends and enhance your horticultural expertise while becoming involved in fulfilling community service activities. We look forward to receiving your application!

Adult Behavior Guidelines

The University of Georgia Extension establishes the following code of conduct for adults. These general behavioral expectations apply to any adult, including faculty, staff, and volunteers working or volunteering in a capacity that includes children under the age of eighteen and/or youth program participants.

Adults are expected to comply with the following:

- Work cooperatively with youth, families, University of Georgia faculty, staff, volunteers, community members and others in a courteous, respectful manner demonstrating behaviors appropriate for a positive role model.
- Represent the University of Georgia College of Agricultural and Environmental Sciences' Cooperative Extension programs with pride and dignity, behave appropriately, exhibit good sportsmanship, and demonstrate reasonable conflict management skills.
- Respect, adhere, and enforce the 4-H Code of Conduct as well as other rules, policies and guidelines established by UGA Extension and event coordinators including state laws and regulations.
- Respect the privacy of all individuals in situations such as toileting, showering and changing clothes. When it is necessary to supervise minors, at least two leaders should be present and only to the extent that the health and/or safety requires.
- Do not touch minors in a manner that a reasonable person could interpret as inappropriate. Always avoid touching areas that are normally covered by swim suits. When hugging is appropriate, hug from the side over the shoulders, not from the front.
- Recognize that physical punishment is not an appropriate form of discipline and will not be allowed. Physical punishment includes physical actions that may not be expected of an individual during the program and are assigned to a young person as a consequence for misbehavior.
- Recognize that verbal abuse, physical abuse, or committing criminal acts may be grounds for termination as an Extension volunteer. Abusive behavior towards youth or other adults including failure to provide adequate health and safety measures, inadequate care or supervision, emotional mistreatment of members, or verbal or physical abuse will not be tolerated.
- Under Georgia law, report any mistreatment of youth to the proper authorities. All staff are considered mandatory reporters for purposes of the Policy and must report incidents involving sexual or physical abuse or neglect of a minor immediately to the Program/Activity Administrator, the UGA Police Department, AND the Georgia Department of Family and Children Services (DFCS).
- Comply with equal opportunity and anti-discrimination laws and policies. The University of Georgia prohibits harassment of or discrimination against any person because of race, color, sex (including sexual harassment and pregnancy), sexual orientation, gender identity, ethnicity or national origin, religion, age, genetic information, disability, or veteran status.
- Treat animals humanely and encourage youth and adults to provide appropriate and ethical care.
- Strive for a minimum of two adults at any activity involving youth. Adults, in most cases, should not be left alone with a single child unless the adult is the parent/guardian of that child.
- To be housed in overnight settings in separate sleeping areas from children when possible. When this is not possible, parent/guardians should be furnished a letter explaining the situation and informing the parent/guardian that his/her child will be housed with an adult in the same room.
- Substance Use Prohibited – Do not use, possess or be under the influence of alcohol, illegal drugs, or any prescription medication that impairs your ability to perform your duties during the Program/Activity.
