## Georgia 4-H Project Achievement

# Picking a Project

*There are many different projects areas to pick from. Your project area will be the general category that you will present your demonstration in. Your demonstration topic should fall into your project area. The project area you select will also be for your portfolio as well. A suggestion is to pick a project area that you have done some work in so you will have something to put in your portfolio. There are only a few allowed from each county in a project area, so check with your 4-H office to make sure you can compete in your project area. Below are the project areas for Junior 4-H'ers (7th-8th grade).*
