

Scriven County Producers:

1. For those who choose to watch production meetings from home:

Please see the links below for registration for meetings. **This is a simple 2 step process to register but you must register 24 hours in advance of the meeting.** You will register separately for each crop. For production meetings, you will receive an email the day of the meeting which will have the zoom link to the meeting. BE SURE TO ENTER YOUR PESTICIDE LICENSING NUMBER INTO REGISTRATION AND ENTER AN ANSWER IN EVERY BLANK, n/a if not applicable. Please do not wait to begin viewing these meetings in case any issues arise. It should be fairly simple. Call with any questions 912-690-3001.

Ag Forecast

Date: Friday, Jan. 29 **Time:** 9:30-11:30 a.m.

Registration is free and open to the public, but [registration to receive the Zoom webinar link](#) is required. This meeting goes through commodity price outlooks for this year. "Very good meeting."

February 22, 2021	Peanut	9:30 AM to 12:00 PM	
February 24, 2021	Cotton	9:30 AM to 12:00 PM	

To follow the CDC guidelines, as I am expected to follow, face coverings are required and we must maintain 6-foot distance between individuals. The meeting room is set up for these guidelines and masks will be available at the door if you need one.

To limit attendance at each in-person meetings, RSVP is a must. **Please contact our office at (912) 564-2064 as soon as possible to select which meetings you would like to attend.** Please do not wait for later meetings as limited attendance could cause issues as the Screven County Extension Office meeting room has a maximum capacity of 20 individuals. **Temporarily, we have been instructed not to serve meals due to increased COVID numbers.**

I urge everyone to make the best choices for themselves and stay safe. If you so choose, I can gather specific information for you and I will be glad to do that if it is available. Please don't hesitate to contact me with questions or concerns. Again, my goal is to provide information to you as safely as possible.
