March 2021

CELEBRATE GA AG WEEK—MARCH 22-26, 2021

Georgia's climate and rich natural resources have made agriculture its top industry throughout the state. One in seven Georgians works in agriculture, forestry, or related fields. Virtually any crop or animal can grow successfully somewhere across the state. Georgia Agriculture Week is celebrated annually in March. This allows producers, agricultural associations, corporations, universities, families, and 4-H members to celebrate the agriculture industry's abundance.

Visit the Georgia 4-H Ag Week Webpage:

<https://georgia4h.org/programs/focus-areas/agriculture-stem/agriculture/national-ag-week/>

This webpage is filled with fun agriculture themed activities (scavenger hunt, matching game, jigsaw puzzles, etc.). There are also links to ag education virtual presentations, 4-H friends magazines, and links to several ag partners and additional resources.

Here is the GA Ag Week Schedule:

Monday—Hands-on Garden Day

Tuesday—Buy GA Grown Day

Wednesday—Ag Hero Day

Thursday—Ag Literacy Day

Friday—Make MyPlate Georgia Grown Day

UPCOMING DATES TO REMEMBER
