

UNIVERSITY OF GEORGIA
EXTENSION

Barrow County

Agriculture is an economic driver in Barrow, creating millions in value from just 20% of the county's acreage. We served the agricultural community through 150 on-site farmer and homeowner consultations with 503 diagnostic samples, 685 teaching hours in schools and for the public, and 730 Master Gardener volunteer hours focused on horticultural outreach. Barrow 4-H offered educational programs in STEM, robotics, healthy living, leadership, and communication. We reached 1,243 youth through 54 in-school meetings and 1,324 members in 115 after-school programs. The Barrow Robotics program, a partnership with Barrow County Schools, engaged 85 youth. Barrow 4-H also had 247 participants in our public speaking contests, enhancing skills in our focused program areas.

2025 Georgia Ag Impact Report
UGA Center for Agribusiness and Economic Development

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023-24 school year.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

An Equal Opportunity, Affirmative Action, Veteran, Disability Institution.
