

UNIVERSITY OF GEORGIA
EXTENSION

Carroll County

The UGA Master Cattlemen program helped deliver a practical, science-based production management curriculum for 174 beef producers in Carroll County. Beef cattle is a top commodity with over 21,000 beef cows and we receive regular questions about pasture management, weed control, hay production, and cattle nutrition. By providing educational opportunities involving real-world techniques and applications in cattle production and forage management, the agricultural program in Carroll is reducing soil erosion by preventing overgrazing and improving cattlemen's ability to handle herd health. Participants showed knowledge increases of 50% in nutrition, 83% in herd health, 84% in reproduction, 45% in economics, and 44% in forage production.

UGA Center for Agribusiness and Economic Development

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023-24 school year.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

An Equal Opportunity, Affirmative Action, Veteran, Disability Institution.
