

UNIVERSITY OF GEORGIA
EXTENSION

Coffee County

Coffee County Extension organized farmers for a consistent effort to address concerns about the Coffee County designation under the Hi-WIP Program after Tropical Storm Debby. Over 75 growers attended the informational meeting and 68 farmers and business partners wrote in to congressional and federal offices. We were able to get more detailed FAQs with answers added to the RMA website, and after a 60-day review Coffee County was changed to a primary county designation. Cloverbuds Adventures is a monthly agriculture education program for 5- to 8-year-olds, and 170 kids were reached over the past year. Eight different collaborations and in-kind donations of \$1,560 help to make Adventures a successful hands-on program.

Blueberries

2025 Georgia Ag Impact Report
UGA Center for Agribusiness and Economic Development

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023-24 school year.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

An Equal Opportunity, Affirmative Action, Veteran, Disability Institution.
