

UNIVERSITY OF GEORGIA
EXTENSION

Habersham County

Our office provides youth development, ANR, and FACS to citizens of Habersham County. Our Southeast Aquatic Resources Partnership farm projects are being installed across the watershed. We have implemented \$567,000 in projects over the last two years. Master Gardeners raised \$29,000 last year for community projects and scholarships. 4-H offers a variety of programs, including six judging classes, two Project SAFE clubs, livestock showing, a homeschool group, and multiple cooking opportunities. Once a month we meet with 5th graders throughout the entire county. FACS also has a variety of programs, including Walking into Wellness, Right Bite, money classes at Mountain Ed, VITA, and a diabetes prevention program.

UGA Center for Agribusiness and Economic Development

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023–24 school year.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.
