

UNIVERSITY OF GEORGIA
EXTENSION

McIntosh County

We provide programs in youth development, agriculture and natural resources (ANR), and family and consumer sciences (FACS) to McIntosh County citizens. McIntosh 4-H is dedicated to investing in our youth, meeting monthly with 4th- to 12th-grade students across all county schools while providing appealing and positive youth development experiences. FACS provides engaging and informative community programs dedicated to educating the citizens of McIntosh County on topics such as health, chronic disease prevention, and overall well-being. ANR programming supports our farmers and agricultural community, including local gardeners and beekeepers, as they create over \$22M in farm-gate value with blueberries, timber, and ecotourism being the top annual commodities.

UGA Center for Agribusiness and Economic Development

A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023-24 school year.

Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

An Equal Opportunity, Affirmative Action, Veteran, Disability Institution.
