

UNIVERSITY OF GEORGIA  
**EXTENSION**

# White County

Extension Agent Nathan Eason continues to focus on water quality conservation programming. He allocated \$136,000 in grant funding to farmers to implement practices to improve their water quality. He conducts vineyard research, investigates niche farming opportunities, assists with livestock and hay land producers, all while meeting the needs of residential and small landowners. 4-H Agent Rachel Martin works alongside Kinsey Youngblood, our program assistant, to conduct youth programming to all ages within the school system. Programs focus on healthy living, gardening, leadership development, STEM activities, building character and more. White County took 35 4-H'ers to Jekyll Island 4-H camp for the first time, and over 80 youth participated in one or more programs.

2025 Georgia Ag Impact Report  
UGA Center for Agribusiness and Economic Development

## A healthy Georgia is a better Georgia.

University of Georgia Cooperative Extension offers programming focused on mental health, financial well-being, nutrition and everything in between. UGA Extension had 1,756,355 face-to-face contacts in 2024. Of these, 200,067 contacts addressed health and wellness topics, including rural and farm stress.

Extension is committed to helping rural Georgia farmers and families thrive. UGA Extension provides physical and mental health resources to keep rural Georgia growing stronger, especially when times are tough. Our new Behavioral Health Team provides fact sheets, trainings and a weekly blog—all to help Georgia individuals and families thrive.

## Growing cities.

UGA Extension helps urban gardeners develop school gardens, community gardens and urban farms to benefit their communities. Extension works with educators to create sustainable outdoor classrooms that function as successful teaching tools. Community gardeners are supported in growing healthy food crops in small spaces while urban farmers are encouraged to apply the latest agricultural research to grow their businesses.

## Committed to Georgia's youth.

Georgia's 4-H enrolled 193,518 youths across the state during the 2023-24 school year.

## Get the facts.

UGA Extension publications are the go-to source for unbiased, research-based information in the state of Georgia.

*An Equal Opportunity, Affirmative Action, Veteran, Disability Institution.*
